Book on Vaastu-by Dr.Rupa Batra

Abstract from Book.

Vaastu based on certain age old principles, is a science which enhances the quality of life by harmonizing the five elements viz. Air, Water, Earth, Space and Fire, which are a must for survival. By adopting vaastu rules one can transform life to a better environment. It can also be stated that after rectifying the vaastu defects within a particular structure the positive energies and vibrations shall develop and flow.
